

Aircraft Maintenance Engineer (Helicopters) – St. Andrews & off-base

Start date: Immediately

Are you looking for a unique organization and team to work with? MB Aero is a growing aircraft maintenance company in Manitoba, associated with Wings over Kississing & Kississing Helicopters and we are looking for an enthusiastic person to become a part of the maintenance team.

Terms of Employment:

- full-time (40 hrs/week) position,
- mainly based out of the St Andrews airport but temporary placements in Island Lake and other locations to be expected, and
- overtime may be required during the busier times.

Responsibilities include:

- maintain company helicopters,
- accurate completion of required paperwork,
- clear and precise communication skills for good team work in a close environment,
- maintaining a clean and safe work environment at all times, and
- ability to quickly troubleshoot issues.

Successful Candidates should have:

- a clear understanding of manufacturer's and regulatory documentation, including advisory directives, service bulletins,
- a Human Factors certificate,
- a valid aircraft maintenance M1 engineer licence,
- rotary endorsement (BH06 endorsement would be an asset),
- be legally entitled to work in Canada without restriction, and
- must be able to obtain a Restricted Area Identity Card (RAIC).

Submit resume complete with references to team@wingsoverkississing.com, and reference "Helicopter AME" in the subject line.

Only applicants considered for an interview will be contacted.

Salary: as per agreement

Please submit all resumes and inquiries to team@wingsoverkississing.com.
